## CMP Information

### **CMP Safety/Waiver Information**

All visitors (shooters, vendors, staff, spectators) must stop at the clubhouse and go through the safety briefing movie and get a card before going to the range. This means all match visitors, even minors.

All persons on the range must have their CMP issued safety card with them at all times.

### **Range Information**

Non-staff competitors and visitors/spectators will be allowed on the range after 11:00 AM August 14, 2024.

There will be no golf carts available for rent by competitors.

CMP does not have practice bays available for rent prior to the National Championship.

# MESSAGE FROM MATCH DIRECTOR FRANK STRONG

Let me be the first to welcome you to the 2024 IDPA National Championship, presented by Beretta. This year we return to the outstanding CMP Range in Talladega, Alabama.

Our match sponsors, including the title sponsor Beretta, have come out in full force to support this great match for all of you. Please take time to visit their booths and bays to show your appreciation for their support.

This year's match will include all IDPA divisions under the new 2024 rulebook with the updated requirements for holsters. We will have 13 full stages this year with a warmup stage to begin the match and a cool down stage to end your match. Hopefully, you improve your time on the cool down stage and yes, they count for your score.

We will have fewer challenges this year with the Championship in August. We will still have the late 9 am start but with much a later sunset. We will still need everyone's help, so we can have an early end to each day of competition. On our end we will design the stages to minimize reset and delays. This included eliminating challenging starting positions, balancing the stages in the bays, and a reduction in the total number of stages. On your end, we ask for your help taping and resetting. Of course, if you are on deck or just finished and are reloaded, you will not be expected to tape and reset. Without your help we are doomed to fail.

As a reminder, everyone competing or visiting our match, including staff, must comply with the CMP range rules that state, anyone who leaves the confines of the clubhouse and clubhouse parking lot must watch the safety video and sign liability waivers. Each day before the first stage, your SO's will check all competitors to make sure they have a valid safety card. Anyone who does not have a safety card will be asked to immediately go to the clubhouse to resolve. If you do not have a valid safety card you will be asked to leave the range.

I look forward to seeing you all in Alabama and hope everyone enjoys the match. When posting videos or photos, it would be awesome if you could tag them with the hashtag # of **#24idpanats**.

Frank Strong

# MESSAGE FROM JOYCE WILSON

Welcome to the 2024 IDPA National Championship Presented by Beretta. We are delighted to have you here in Talladega.

This is Frank Strong's last year as a Nationals MD. He and his AMDs, Noel Gardner and Brent Sizemore, have pulled out all the stops to make the match safe, fun, and challenging for every shooter. This match has been in the planning for many months, so please take a moment to thank these guys for their hard work and dedication.

We are also grateful for every sponsor who supports our sport. These companies underwrite every stick of wood, every target, every trophy, and every prize that is offered in this match. This year, we are offering an opportunity for all of our shooters to let our sponsors know how much you appreciate them. Please **click here** to send a thank you note to all of the sponsors, or you can call out a specific sponsor that is listed there. Please take a brief minute to do this, as their continued support is vital to our sport.

Please also be aware of and compliant with the CMP Safety Program. Every staff member, shooter, sponsor, and guest must have their safety certificate card with them at all times after attaining it at the clubhouse. Anyone who does not have it will be escorted from the range, per CMP policy.

To make life easier for all of our shooters, we have created an app that you can download to see the schedule of events, confirm squad assignments, maps, directions, and find any other up-to-date information. We invite you to download the app at:

**<https://www.jotform.com/app/241844336826159>**

Every year, we receive many applications from talented SOs who want to work the National or World Championship. We select those who have worked or MD'd other sanctioned matches so that they can take their new experiences and knowledge back to their area and mentor others. You will always see some new faces, as we strive to bring in some folks who have not worked a Tier 5 match. This training program helps establish a strong base of experienced SOs and also helps their local clubs and matches. The staff members you will see this week have given up close to 2 weeks of their time, vacation, and family events to come here and serve you. Please accord them the thanks and respect that they have earned through their knowledge and sacrifice.

Thank you for being here. Many of you have traveled to participate in this event, and we thank you for the effort you've made to be here and the work you are doing to promote our sport.

We are all here to help you enjoy a safe, fun match and to test your skills against other IPDA shooters. We hope to see you again next year in Texas.

Have fun, be safe!

# MATCH BRIEF

**The information contained in this matchbook is as important as the current IDPA rulebook. Competitors are expected to read and understand the contents of this matchbook. If you have any questions, please contact the match director.**

**Rules:** The rules followed in this match are the IDPA Rules as found in the IDPA Official Rule Book, effective Dec. 14, 2023.

**Muzzle Safe Point:** Muzzle safe points will be indicated.

**Alcohol and Drugs** are prohibited on the range.

**Target Pasting and Safety Officer Assistance:** It is EVERY competitor's responsibility to assist the safety officers in any way to reset stages. Shooters can paste at least as many holes as they punch in the targets. Please, everyone help the SOs out.

**Holster and Magazine Pouch Belt Locations:** It will be the competitor's responsibility to assure that their holster and magazine pouches are worn in an appropriate location per IDPA rules for their division. If a safety officer has to asked you to move your equipment to comply with IDPA rules before shooting their stage, they will note it. If you have more than one reminder, you will be assessed a 3 second procedural penalty for each additional time.

**Safety Areas:** All Safety Areas are marked by Safety Area signs. You may case, uncase, and holster your pistol only in the Safety Areas. NOT ON THE LINE. No ammunition may be in any Safety Area. PCC may uncase adjacent to the side berm with the muzzle point into the berm with a chamber safety flag before each stage.

**Loading to Division Capacity:** Unless the course of fire requires otherwise, all divisions will load to division capacity prior to each string of fire.

**Nametags:** Keep your nametag with you so you can eat lunch and attend the Awards Banquet Dinner.

**Course Walk Through:** No individual stage walk throughs will be permitted. Each squad will be given a complete verbal description of the course of fire by the safety officers. However it will be the competitors responsibility to read and understand the course of fire prior to their squadded shooting time.
